

## SCIENCE DEPARTMENT NEWSLETTER

March 2020 Edition

### Here's what's happening this month:

#### Chemistry

Balancing equations,  
predicting products &  
classifying equations

#### Anatomy & Physiology

Wrapping up Muscular  
System and starting  
Nervous System & Senses  
with Sheep brain & eye  
dissection

#### Biology I

Finishing up Genetics and  
then on to Protein  
Synthesis

#### Applied Science:

Earth, Moon & Sun

#### Ecology

Biodiversity

#### 7th Grade

Finishing up Photosynthesis  
& Respiration and then on  
to DNA/Protein Synthesis

#### 8th Grade

Foundations of Chemistry  
Chemical & Physical  
changes

#### Science Fundamentals

Mitosis  
(Cell Division)

#### Biology II

Reviewing DNA, Genetics  
& Cell Division

#### Physics

Work, Energy and  
Machines

#### AP Biology

Genetics using Fast Plants  
(Quick growing mustard  
plants)

#### Academic Bio II

Central & Peripheral  
Nervous Systems with  
Sheep brain & eye  
dissection

#### Zoology

Learning about  
Vertebrates—Fish  
Dissecting perch and  
shark

**Creepers & Crawlers  
Community Day is  
Saturday, March 14th at  
the High School  
from 4-7pm.**
